NARA Camp has a site-specific emergency plan including an assembly area program, notification system, locations of fire extinguishers, first aid kits, etc. Staff has been trained and is expected to be well-versed in emergency procedures. Drills will be conducted throughout the summer to practice safety procedures.

Facility Evacuation (in case of fire, or other emergency): In the event of an emergency requiring facility evacuation, campers and staff will exit the building and meet in the back

corner of the lower parking lot. Camp staff will take attendance of campers in their groups, directors will make sure that everyone has left the facility, and the Camp Director and Assistant Camp Director will be responsible for medication and first aid kits.

Medication Policy

Our medication policy is primarily established to accommodate the administration of medication(s) commonly prescribed by physicians for the treatment of short-term illnesses. Prescription and “over-the-counter” medications will not be dispensed without written consent from the child’s parent.

- All medications will be locked up and given to your child at the prescribed times.

Sunscreen

The Acton Recreation Department encourages your camper to use and bring sunscreen to camp every day. Camp staff will not rub sunscreen on any child but will remind them to put it on throughout the day. Camp staff can only help with sunscreen application if it’s spray lotion. Every child must complete a sunscreen permission form and submit it to the Recreation Department or camp before or on the day they start camp.

Bug Spray

The Acton Recreation Department encourages your camper to use and bring bug spray to camp every day. Camp staff can only help with spraying the bug repellent on the child without rubbing it in.

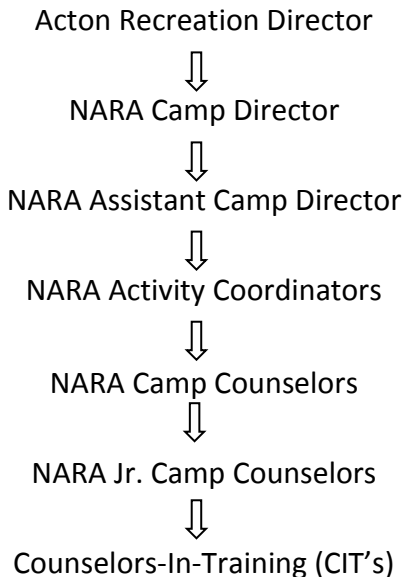

Allergies

In recent years, there has been an increase in the number of children with severe allergies. We try our best to accommodate these campers without inconveniencing other campers.
